

ISOCLIMA
Specialty Glass, LLC

AQUARIUM SECURITY GLAZING SOLUTIONS

Safety & Security

Our high-impact resistant glazing protects marine life and visitors, preventing damage and ensuring a secure environment.

Longevity and Durability

Designed to withstand saltwater corrosion and scratching, this material maintains its clarity and strength over time.

Customization Options

We provide a variety of thicknesses and sizes, tailored to precisely fit the specific needs of any aquarium, from large displays to specialized habitats.

**Clarity, Security,
and Durability
for Aquatic
Environments**
